

ELECTRONIC WALLET at the "Rio Novo" Food Service Centre

Big news will affect the way you pay at the "Rio Novo" Food Service Centre; starting from 18/02/2019 each student will be able to use his electronic wallet instead of the current payment modes, both for paying the food service provided by Self Service and your Takeaway Lunch, following the upcoming instructions.

A significant improve in order to break down queues and waiting times for the consumers.

The electronic wallet will replace the current payment modes. Starting from 18/02/2019 you can use it both for paying the lunch purchased at the distributors lines and for the Takeaway lunch (please check the specific report about the payment of the Takeaway lunch).

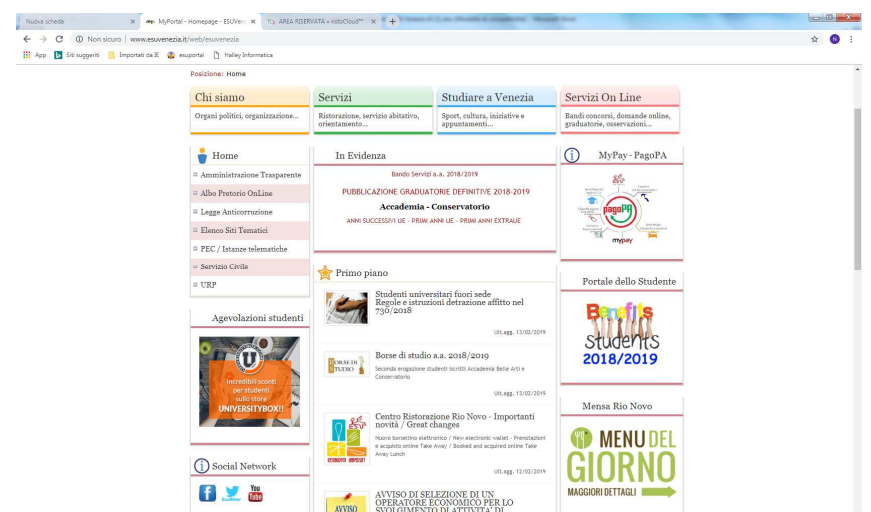

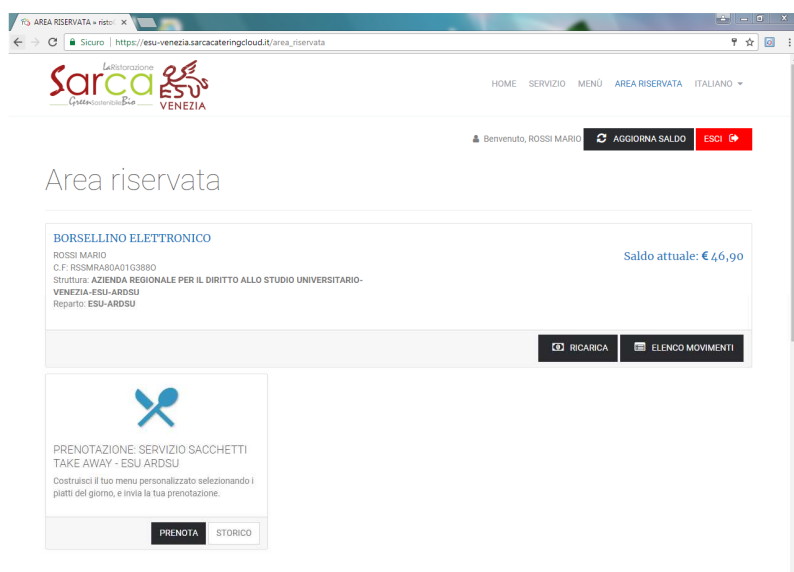

In the case you decide to purchase the Takeaway lunch, the amount will be deducted from your electronic wallet once you complete your order; the same amount will be re-credited on the wallet if you delete your order.

You can access the Takeaway service from any dispositive, both Pc, tablet or smartphone, following this site,
